Explore niche technologies and services with SoluSoft at India Soft 2008

After making presence in Middle-East market with Gitex 2007, SoluSoft Technologies Pvt. Ltd. participates in Indiasoft 2008. This show will be a potential platform to facilitate joint ventures, strategic alliances and expanding the customer base.

/24-7PressRelease/ - March 13, 2008 - SoluSoft Technologies Pvt. Ltd., a global provider of Business Process Solutions announces its participation in India Soft 2008, to be held on March 20 and 21 at Hyderabad International Convention Centre (HICC). The company will take this opportunity to explore joint ventures, collaborations and strategic alliances for local & overseas buyers in its display (no. 21). The event is sponsored by Ministry of Commerce and Industry as well as Ministry of Communications and Information Technology, Government of India.

SoluSoft plans to showcase its range of Information Technology, OEM and Corporate Identity solutions from its Technology, Embedded, and Graphics groups. SoluSoft produces solutions for business processes, embedded board-and appliance-level PCs and graphical services offerings

Software outsourcing services is another major attraction for the visitors to the SoluSoft display. The company looks forward to speaking with qualified resellers and expanding its channel and client base.
